**4747 30 St. SE**  
**Calgary**

*NETO, an innocent bystander was struck by a bullet in the face on Sept. 16 in Calgary downtown, and is blind for life in result of this crime. The Brazilian community, as well as many Calgarians, Albertans and Canadians are saddened from the recent incident that has tarnished Calgary's reputation and has turned this into an international news event.*

*We are still shocked by this tragedy, but we become strong as we listen to Neto's positive words.*

*We want to move along to support him face the challenges in his new condition towards pursuing his dreams.*

*We, as Calgarians, see that we have an important role to play, acting for positive things out of this tragedy. Therefore, as his future has been severely impacted and compromised, we are promoting fund raising events for him for his future needs, as well as, working closely with him and his family to provide and/or facilitate the assistance he needs.*

*At this moment we invite you to take part of this, and help us make a difference!*

*The picture in the background shows Neto and Roberta, his girlfriend, in the 2008 Brazilian Association June Party, and the one at the left side is from the press conference on Sept. 26 when Neto and his family spoke to the media for the first time after the tragedy.*
